

OLAX AX6 PRO 4g Outdoor CPE Sim Router 4000mah Strong Power Long Range Cpe Wifi 4g Router With RJ45 Port

Product Introduction

AX6 PRO 4G Indoor Customer Premise Equipment (CPE) provides superior wireless access performance and comprehensive routing capabilities to bring wireless broadband data. It converts high-speed TDD/FDD signals to WiFi signals on the local area network (LAN). Wireless and wired devices, including mobile phones, laptops, tablets, and other smart devices, can access the CPE simultaneously

Lte Router Warm reminder
